Formosa TIP is an international collaboration established by NFU and enhances the spirit of the **Taiwan Experience Education Program** supported by the Ministry of Education in Taiwan.

Formosa TIP encourages foreign students from partner Universities to participate in **short-term internship/project work** at NFU Laboratories & Research Centers.

Formosa TIP features **cultural immersion activities** to improve language, cultural fluency and to ease participants into students' internship in Taiwan.

Formosa TIP provides **scholarships** to international interns.

Minimum NTD 12,000
per month

Maximum NTD 75,000
one semester

Formosa Talent Internship Program

Language Tutor Hub

Purpose

- 🕒 Pre-trained stage for Taiwanese students to overseas programs
- 🌐 Diverse Culture and Bilingual Learning Environment

Requirement

- ✔ Major in Education/English Teaching/Japanese Teaching
- ✔ Native Speaker of English/ Japanese
- ✔ None-Native Speaker with Advanced Language Ability

Business Hub

1. Corporate Finance & Governance
2. High Frequent Data Analysis & Behavioural Finance
3. Assets & Portfolio Management
4. Securities Investment & Financial Analysis
5. Investment & Risk Management
6. FinTech & Carbon Emission Trading
7. Network System Design
8. Network Security
9. Information Analysis & Management
10. Fuzzy Decision Analysis
11. Data Mining & Intelligent System Design
12. E-Learning & Mobile Commerce
13. Consumer Behaviour Analysis
14. Innovation & Entrepreneurship
15. Strategic Management
16. Retailing Marketing Management
17. Service Industry Management
18. Network Management
19. Supply Chain Management
20. Quality Management
21. Production Management
22. Operations Research & Decision Analysis
23. Mathematical Programming & AI Algorithms

Engineering Technology Hub

1. Gear Research
2. Machine Diagnosis
3. Advanced Forging–Stamping & Engineering
4. Green Energy
5. Auto. Machinery & Robot Combination Sensing
6. Plasma & Surface Engineering
7. Bimechartronics
8. Smart Sensor & Actuator
9. Embedded System/ Multimedia Network Application
10. Fiber Optics Packaging
11. AI/ IoT Engineering System Design
12. Optical Sensor & System
13. Cloud Computing & Intelligent System
14. Machine Learning & Software/ Hardware Co-Design
15. Advanced Nano Optoelectronics
16. Electromagnetic Measurement
17. FPGA Circuits Design & Embedded Systems
18. Coherent Control

19. Medical Device, Creative Design, Patenting Strategy, Technical Startup
20. Food Processing
21. Biomimetic Tech, Agri-Wastes Reusing
22. Environmental Toxicology & Nanotoxicology
23. Biophotonic & Biomaterials
24. Mixed Reality & Game AI Fiber Optical Com. & Sensing
25. User Interface Design/ User Experience

Aviation Hub

1. Aircraft Maintenance Training: 147 Cat. A1, Cat. B1 & Avionics
2. UAV Design/Build/Flight: Fix Wing, eVTOL, Multi Rotor
3. UAV Traffic Management: Flight Control, Navigation, Guidance
4. UAV Applications: Cargo, Inspection, Agriculture
5. Airline Operators/Maintenance Management
